TEXTURE 3D DAL PROFONDO REALISMO MATERICO

Fondovalle inaugura una nuova era nella produzione del gres porcellanato grazie a 3D Texture, **una tecnologia digitale altamente innovativa che regala una matericità profonda**, generando un effetto tridimensionale sulle superfici, fedele all'essenza di ispirazione. La tecnologia 3D Texture consente una perfetta sincronia tra differenti applicazioni e materie con effetti di realismo e profondità di dettaglio straordinari. Il risultato è frutto di investimenti e assidua ricerca, e arricchisce di tridimensionalità l'impasto pressato, cromie e strutture coincidono sinergicamente e le superfici acquistano un'autentica veridicità percepibile sia al tatto che alla vista.

Matericità tridimensionale ■

Three-dimensionality | Effet matière
tridimensionnel | Dreidimensionales Materialbild

Profondità di dettaglio ■

Depth of detail | Profondeur des détails |
Sorgfältig ausgearbeitete Details

Grande naturalezza e veridicità ■

Striking naturalness and realism | Un grand naturel
et une grande véracité | Natürlichkeit und Authentizität

3D TEXTURE WITH INTENSE MATERIAL REALISM

Fondovalle is heralding a new era in the production of porcelain stoneware thanks to 3D Texture, **a highly innovative digital technology that offers a deep material quality**, producing a three-dimensional effect on surfaces to accurately resemble the wood that inspired them. 3D Texture technology permits perfect synchronisation between different applications and materials with extraordinarily realistic effects and depth of detail. The result is the fruit of investment and painstaking research, enhancing the three-dimensionality of the pressed mix; colours and textures synergistically harmonise and the surfaces acquire an authenticity perceptible to both touch and sight.

DES TEXTURES MATIÉRISTES EN 3D EXTRÊMEMENT RÉALISTES

Avec Fondovalle, la production de grès cérame entre dans une nouvelle ère grâce à 3D Texture, **une technologie numérique tout à fait innovante qui apporte un rendu fortement matiériste**, en créant un effet tridimensionnel sur les surfaces, parfaitement fidèle à l'essence dont elle s'inspire. La technologie 3D Texture permet une synchronisation parfaite entre les différentes applications et matières, avec d'extraordinaires effets de réalisme et de profondeur du détail. Fruit d'un investissement et d'une recherche assidue, le résultat enrichit la pâte pressée d'un effet tridimensionnel. Les couleurs et les structures coïncident en synergie et les surfaces acquièrent une véracité authentique perceptible non seulement à la vue mais aussi au toucher.

3D-OBERFLÄCHEN MIT UNGLAUBLICH REALISTISCHER ANMUTUNG

Dank der **hochinnovativen Digitaltechnik 3D Texture, die eine besondere Materialtiefe erzeugt**, eröffnet Fondovalle ein neues Kapitel in der Produktion von Feinsteinzeug. Oberflächen mit plastischer Wirkung geben das zum Vorbild dienende Material äußerst getreu wieder. Die Technik 3D Texture ermöglicht eine vollkommen synchrone Erzeugung von Struktur und Dekor, wodurch eine ungewöhnlich realistische Wirkung und hohen Detailtiefe erzielt wird. Dank Investitionen und intensiver Forschungstätigkeit gelang es, der gepressten Masse eine besondere Tiefenoptik zu verleihen. Durch die passgenaue Übereinstimmung zwischen Farbauftrag und Struktur geben die Oberflächen haptisch wie optisch ein täuschend echtes Bild der Vorlage wieder.

THROUGH SENSITIVE ATMOSPHERES

Rimandi a uno stile naturale si uniscono in una nuova filosofia dell'abitare, dal design elegante e minimale / References to a natural style come together in a new living philosophy with an elegant and minimalist design / Les références à un style naturel se rejoignent dans une nouvelle philosophie de l'habitat exprimée à travers un design élégant et minimaliste / Anklänge an einen natürlichen Style vereinigen sich in einer neuen Philosophie des Wohnens, die auf ein elegantes, minimalistisches Design setzt
